Epson Cloud Solution
PORT®

Engineered for reliability — advanced PrecisionCore® Micro TFP® printhead with Nozzle Verification Technology helps minimize clogs and downtime

Consistent print quality — professional-grade prints with vibrant and accurate colors

On-site service and support — fast troubleshooting helps reduce downtime and boost productivity; covered under the printer's limited warranty

Go big — 35.4" print width fits more designs per roll and enables production of oversized graphics

Automated maintenance system — limits upkeep to just a few minutes per week

Ease of use — front-loading media and sealed ink packs help simplify setup and reduce the user's learning curve

Real-time monitoring — remote job tracking and notifications through the Epson Cloud Solution PORT®¹

Safety-certified inks — UltraChrome® DF Inks are OEKO-TEX® ECO PASSPORT certified², CPSIA-compliant and non-toxic

Efficient workflow — reach full production speed faster with intuitive print management software

Space-saving design — compact, front-loading design fits against walls to save floor space

Designed for use exclusively with Epson ink packs.*

Print

Printing Technology PrecisionCore Micro TFP printhead with Nozzle Verification Technology

Ink Type UltraChrome DF

Ink Configuration C, M, Y, K, Wh, ML

Droplet Technology Variable-Sized Droplet Technology

Maximum Resolution 1,200 x 600 dpi

Ink

Ink Pack Fill Volume³ C, M, Y, K, Wh, ML: 1.6 L packs per color

This printer is designed for use with genuine Epson packs only, not third-party packs or ink*.

Roll-Media Handling

Single Roll-to-Roll Up to 35.4" wide

Roll Media Core 2" or 3" diameter

Maximum Roll Diameter Up to 5.9"

Maximum Roll Weight Up to 22 lb

Media Thickness Up to 0.5 mm thick

Roll Winding Printable side out

Integrated Cutter Automatic rotary cutter

Printable Area

Maximum Media Width 35.4"

Minimum Media Width 10"

Left/Right Margins 0.12" (0.23" total)

Maximum Printable Width Up to 35.2"

Printer Interfaces

SuperSpeed USB 3.0 (1 port)

1000Base-T Ethernet (1 port)

Operating Systems Supported

Windows[®] 11, 10 (64-bit) and 8.1 (64-bit)

Minimum PC Specifications: 3 GHz or higher quad-core CPU, 8GB

RAM, 50GB SSD and high-speed Internet connection

4-Year Next-Business-Day On-Site Repair ⁶	PSG6070S4

* This product uses only genuine Epson-brand ink packs. Other brands of ink packs and ink supplies are not compatible and, even if described as compatible, may not function properly or at all.

1 All features of this system require an active Internet connection and the use of a supported browser. | 2 When applied to fabric and appropriately fixed, UltraChrome DF Ink has passed the standards set by OEKO-TEX ECO PASSPORT. For further details on these standards, please visit www.oeko-tex.com/ecopass | 3 Part of the ink from the first cartridges/packs is used for initializing the printer. Ink usage will vary considerably based on images printed, print settings, paper type, frequency of use, temperature and humidity. Variance may be more pronounced when printing infrequently or predominantly with one ink color. Ink is used for printing and printer maintenance, and all colors must be available for printing. For print quality, a variable amount of ink remains after the "replace ink" indicator comes on. | 4 For convenient and reasonable recycling options, visit epson.com/recycle | 5 SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency. | 6 Geographic limitations may apply. Service request must be received and processed by 1 p.m. Pacific Time, Monday through Friday, excluding holidays. See limited warranty or service plan for details. | 7 Product comes with a 1-year limited warranty with the option to purchase extended service plans up to a total of 5 years of continuous coverage.
